## Be Your Own Pet

They're on the streets with their eyes of hunger  
It's a disease it's a death to one another  
There's no stopping it it gets too late  
Don't be a (??) change us all now  
They're on the streets with their eyes of hunger

There's no stopping it it gets too late  
Don't be a (??) change us all now

When there's no more room in hell  
The dead walk the earth  
Feeling out, the night is one together  
We need time and they'll get us in the air  
When there's no more room in hell  
The dead walk the earth  
Feeling out, the night is one together  
We need time and they'll get us in the air

Find your mothers, spit on your brothers  
They've got a feeling with the pain in their stomachs  
And you see the faces the way they stare  
We know for sure there cant be anything in there

When there's no more room in hell  
The dead walk the earth
