

## Wildcat!

### Be Your Own Pet

You know I love you like the sludge from my cow house city  
Oh I love you like the sludge from my cow house city

I am wildcat  
You are a worm  
And we are chasing each other and taking turns  
We aren't giving up, we aren't safe  
And we are chasing each other all over the place

You know I love you like the sludge from my cow house city  
Oh I love you like the sludge from my cow house city

I am wildcat  
You are a worm  
And we are chasing each other and taking turns  
We aren't giving up, we aren't safe  
And we are chasing each other all over the place
