

# Force of Nature

Bea Miller

I don't know why  
but my hands are shaking  
I can see you coming  
and I stand awaiting  
Yeah, I get tongue tied in conversation  
It's f\*cked up, sad, sick situation

I tried to tie my heart down,  
board up all the windows  
Oh, but it's too late now,  
I let you get too close  
I know I should take cover,  
hide inside these four walls  
But baby I surrender it all  
Because you're a force of nature

Now look what you've done  
I can taste the danger,  
but I don't wanna run  
So pull me to the ground  
and i won't put up a fight  
I'm a caution taker,  
but baby you're force of nature  
Oh 2x

I feel your lips move in  
and they take me under  
You know just what to do  
and make me want ya  
And I know I'll be broken  
when it's over  
Oh, but I can't help  
but move closer

I tried to tie my heart down,  
board up all the windows  
Oh, but it's too late now,  
I let you get too close  
Cause you're force of nature,  
but look what you've done  
I can taste the danger,  
but I don't wanna run  
So pull me to the ground  
and i won't put up a fight  
I'm a caution taker,  
but baby you're force of nature  
Oh 3x

I'll be 'till we collide  
So crash into me one more time  
I don't care if I survive  
So crash into me one more time  
Yeah, yeah, yeah, yeah

Cause you're a force of nature,  
but look what you've done  
I can taste the danger,

but I don't wanna run  
So pull me to the ground  
and I won't put up a fight  
I'm a caution taker,  
but baby you're force of nature

Oh 2x  
But baby you're force of nature  
Oh  
But baby you're force of nature

Oh  
But baby you're force of nature
