

Break Away

Beach Boys

Break, break, shake away
Break, break away
Do what, do what I wanna do

Time will not wait for me
Time is my destiny
Why change the part of me
That has to be free

The love that passed me by
I found no reason why
But now each day is
Filled with the love

That very same love
That passed me by
And that is why

I can break away
From that lonely life
And I can do what I wanna do
And break away from
That empty life and
My world is new

When I laid down on my bed
I heard voices in my head
Telling me now, hey
It's only a dream

The more I thought of it
I had been out of it
And here's the answer
I found instead

(Baby, baby) found out
It was in my head
(Baby, baby) found out
It was in my head
(Baby, baby) found out
It was in my head

And I can break away
To the better life
Where the shackles
Bever hold me down

I'm gonna make a way
For each happy day
As my life turns around

Come on
We're free to break away
(Oh, boy, you jump
For joy when you break away)
Now won't you come on
You're free to break away)

Come on you're free to
Break, break away
(Break away, break away)

Feel the vibrations
In all the sensations
Breaking away
Feel the vibrations
In all the sensations
Breaking away
