Break Away

Beach Boys

Break, break, shake away
Break, break away
Do what, do what I wanna do

Time will not wait for me Time is my destiny Why change the part of me That has to be free

The love that passed me by I found no reason why But now each day is Filled with the love

That very same love That passed me by And that is why

I can break away
From that lonely life
And I can do what I wanna do
And break away from
That empty life and
My world is new

When I laid down on my bed I heard voices in my head Telling me now, hey It's only a dream

The more I thought of it I had been out of it And here's the answer I found instead

(Baby, baby) found out It was in my head (Baby, baby) found out It was in my head (Baby, baby) found out It was in my head

And I can break away To the better life Where the shackles Bever hold me down

I'm gonna make a way
For each happy day
As my life turns around

Come on
We're free to break away
(Oh, boy, you jump
For joy when you break away)
Now won't you come on
You're free to break away)

Come on you're free to Break, break away (Break away, break away)

Feel the vibrations
In all the sensations
Breaking away
Feel the vibrations
In all the sensations
Breaking away
