

# Daybreak Over the Ocean

Beach Boys

(Bring back)  
Won't you bring back  
Bring back my baby

Daybreak over the ocean  
Moonlight still on the sea  
Will the waves gentle motion  
Bring my babe my baby back to me  
And the stardust sprinkles the morning  
Venus dates from from my side  
Will my love be returning  
Like the sun that brightens up my life  
And as day breaks over the ocean  
Moonlight still on the sea  
I pray the waves gentle motion  
Will bring my baby to me

(Bring back) Won't you bring back  
(Bring back) Bring my baby back  
(Bring back) Won't you bring back  
Bring back my baby

Darlin' if you could only  
(If you could only)  
Hear this song in my heart  
Then you know why you never need feel lonely  
(Never feel lonely)  
We'll soon be together  
Never to depart  
And as long as there is an ocean  
(There is an ocean)  
Long as stars are to shine  
Baby you will always have my devotion  
(Have my devotion)  
I'll love you pretty baby till the end of time

And as the day breaks over the ocean  
Moonlight still on the sea  
I pray the waves gentle motion  
Will bring my baby to me

(Instrumental)

As the day breaks over the ocean  
Moonlight still on the sea  
I pray the waves gentle motion  
Will bring my baby to me  
Darlin' if you should ever  
Wonder what you should do  
Baby you should know I'll love you forever  
Maybe little darlin' that will see you through

And as the sun sets over the ocean  
(Over the ocean)  
And the world fades from view  
Baby always know our love and devotion

(Love and devotion)  
Love and devotion  
Will brighten up the night  
We will make it through because I love you

(Bring back) Won't you bring back  
(Bring back) Bring my baby back  
(Bring back) Won't you bring back  
Bring back my baby (please my baby)  
(Bring back) Won't you bring back  
(Bring back) Bring my baby back  
(Bring back) Won't you bring back  
Bring back my baby (please my baby)
