Disney Girls

Beach Boys

Clearing skies and drying eyes Now I see your smile Darkness goes and softness shows A changing style

Just in time words that rhyme Well bless your soul Now I'll fill your hands With kisses and a Tootsie Roll

Oh reality, it's not for me And it makes me laugh Oh, fantasy world and Disney girls I'm coming back

Patti Page and summer days On old Cape Cod Happy times making wine In my garage Country shade and lemonade

Guess I'm slowing down It's a turned back world With a local girl In a smaller town

Open cars and clearer stars That's what I've lacked But fantasy world and Disney girls I'm coming back

Love...Hi Rick and Dave Hi Pop...Well good morning mom Love...get up guess what I'm in love with a girl I found She's really swell Cause she likes Church, bingo chances and old time dances

All my life I spent the night With dreams of you And the warmth I missed And for the things I wished They're all coming true

I've got my love to give And a place to live Guess I'm gonna stay It'd be a peaceful life With a forever wife And a kid someday

It's earlier nights And pillow fights And your soft laugh Fantasy world and Disney girls I^{ištěno}coming back
