Remember
"Walking In The Sand"

Seems like the other day
My baby went away
She went away across the sea

It's been two years or so
Since I saw my baby go
And then this letter came for me

Oh it said that we were through
She's found somebody new
Oh baby's gone what can I do

Ahhhhh

I want to know
What ever happened to
The little girl I once knew
She said that she'd be true
