

## Spring Vacation

Beach Boys

Driving around, living the dream  
I'm cruising the town, I'm digging the scene  
I'm not gonna stress, not gonna worry  
Doing my best, no need to hurry.  
Looking ahead, with anticipation  
Making each day a new celebration.  
Seems like it could go on forever  
Moments we all stick together.  
Years together now, get up and get up  
All the hot spots in town.  
Spring vacation  
Good vibration  
Summer weather  
We're back together.  
Here's ya money  
They're not buying  
It's not up to ya,  
Better, aleluiah!

That's with the past, that's all behind us  
We're happier now  
Look what time finds us  
Singing our songs is enough reason  
For many boys is what we believe in!  
Sunset wouldn't last...  
Spring vacation  
Good vibration  
Summer weather  
We're back together.  
Here's ya money  
They're not buying  
It's not up to ya,  
Better, aleluiah!

Every night's special occasion.

Spring vacation

We're back together.  
Here's ya money  
They're not buying  
It's not up to ya,  
Better, aleluiah!
