

# The Man with All the Toys

Beach Boys

He's the man  
With all the toys

Someone found  
A lighted house  
Late one night  
And he saw  
Through the window  
A sight  
A big man in a chair  
And little tiny men  
Everywhere  
He's the man  
With all the toys

Well how thrilled  
That someone  
Must have been  
And he must have been  
Tempted to go in  
He stayed out  
In the cold  
And when he left them  
He told  
About the man  
With all the toys

He's the man  
With all the toys

The man  
With all the toys  
He's the man  
With all the toys
