

All Your Yeahs

Beach House

Hush don't you cry
In the next life

She takes me to the water
Don't say a word

And when I ask her
Is she doing alright
She's a rollercoaster
And yeah, she's a fire in the night

Lay your dead flowers
All in a row
Sooner or later
We're gonna let them go

And when she asks me
Are we doing it right
Come a little closer
You've got nothing left to hide

Hush don't you cry
In the next life

And when they ask us
Are we happy inside
We're a rollercoaster
And yeah, we're a fire in the night

What can you say
All your yeahs
It's your life
Do you right
Give them love
All your yeahs

What can you say
All your yeahs
It's your life
Do you right
Give them love

And give them away
