

Apple Orchard

Beach House

1, 2, 3, 4

You only give me what you
Don't want no more
Ask the questions that you
Don't know at all

Let's lie down for a while
You can't smile
Lay your head in the old
Old fashion

You know how it is my friend
In the boxes of those picture frames
Hold your inside 'cause you're cold at night
Warm your heart, love, 'cause you're by my side

Let's lie down for a while
You can't smile
Lay your head in the old
old fashion

Lay your head in the
Apple orchard
Take your time
You can settle down
Hold your breath 'cause you're
Good at nothing
Hold your hand only
For a while
