

# Lose Your Smile

Beach House

Outside looking in  
Mirrors once again  
Nothing left to say  
Tomorrow's gone today

Lose your smile  
Lose your smile

Sweet lies on your face  
Tears are out of place  
Sunshine in the rain  
Comes in rainbows and leaves again

Lose your smile  
Lose your smile

When all the while, child  
It's your own self giving in  
Who's to blame this time?

Lose your smile  
Lose your smile

Dreams, baby, do come true  
Dreams, baby, do come true  
Dreams, baby, do come true  
Dreams, baby, do come true
