Other People

Beach House

So you thought it would happen
Good love goodbye
I know where no one can reach you
No I don't mind
It's your world why would you fake it
These days go by
As you turn around

Other people want to keep in touch Something happens and it's not enough Never thought that it would mean so much Other people want to keep in touch

Heaven won't keep us together Right place at the wrong time It takes all kinds of weather Distant new skies Somewhere no one can reach us These days go by As you turn around

Other people want to keep in touch Something happens and it's not enough Never thought that it would mean so much Other people want to keep in touch

Was it ever quite enough
Was it ever quite enough
