

You know you're gold, you don't gotta worry none  
Oasis child, born and so wild  
Don't I know you better than the rest  
All deception, all deception from you

Your love is stag in the white sand  
Wilderness for miles, eyes so mild and wise  
Don't I know you better than the rest  
All deception, all deception from you

Any way you run, you run before us  
Black and white horse arching among us

Your love is stag in the white sand  
Oasis child born into a man  
Don't I know you better than the rest  
All deception, all deception from you

Wilderness for miles, eyes so mild and wise  
Oasis child, born and so wild  
Don't I know you better than the rest  
All deception, all deception from you

Any way you run, you run before us  
Black and white horse arching among us
