

April Fool

Beady Belle

This is only a paper moon
This is only a toy story
This is all just a cheap cartoon
Yet somehow, somehow I worry

This is only a wind-up car
Only made for costume ball
This is only a candy bar
I guess I'm not drunk after all

It's only an april fool
The truth is disguised
I wish I could stay as cool
When reality bites

This is only a one night stand
So tonight I'm your wonderland toy
Should be easy to understand
You're only, only a fantasy boy

This is only a paper moon
This is only a toy story
All the magic is over soon
And I am, I am so sorry

It's only an april fool
The truth is disguised
I wish I could stay as cool
When reality bites

It's only an april fool
The truth is disguised
I wish I could stay as cool
When reality bites
