

# Everybody Wanna Be A Star

Beanie Sigel

You cannot be me  
(ha ha)  
Deke what I tell you! What I tell you!  
Look at they face now! You cats cannot be me it's only one me  
Look at they face now! Stupid! All of them!  
I'm not the second nobody , it's one me  
I told you it was gon happen!  
You can be that way if you want , it's me  
Now look at they face! Look at them crawlin on they knees!  
Sigel

Why niggas can't never just play they part  
Gotta be the first ones that say they talk  
Say they shared , first ones to say they did  
Can't never be they self gotta play that kid  
You know the same young buck you let touch the coke  
And now that he come up he wanna cut your throat  
And you gave from the block , put em to your neck  
Now he givin you a glock puttin it to your neck  
You know that same bitch said don't fuck with him  
That nigga no good aint no trust in him  
Two days later see her in a truck with him  
Two years later now that bitch stuck with twins  
That nigga been broke why now she fuck his friends  
Got a lap dance in bars and touch them ends  
Time uncovered a veil over people's plots  
And the dumb shit they do to get on top

Everybody wants to be a star  
Everybody wanna be a star , don't wanna be who they are  
Everybody wants to be a star  
Every bitch wanna hop in your car , every hater wanna give you scars

Man every fucking day , these no flow niggas  
Always in my face , with they promo niggas  
I thought I told y'all , I don't know Jigga  
I'm not Beanie Sigel , and I don't flow neither  
What happened to your keys and dreams of being cracklords  
Now it's Trinities , MP's and trackboards  
I switched my hustle to get this cream  
Now everybody and they mom wanna SPIT 16  
I got niggas wastin they change to get in this game  
Like shit gon change when they get in this game  
You think it's just rhymes and beats  
Man this shit's stress time and heat , deadlines to meet  
Everybody wanna come cry to me , come spit they little lines to me  
You shouldn't of lied to me , naw dog you can't rhyme wit me  
Like you tied to me , like I don't see what you tryin na be

Stop tryin na be a star, be who you are  
Maybe you will go a little far

Man I aint gon lie I thought all the glitz was gold  
And like Jay (I watched the truth unfold)  
And now that I got a little time in with this rhymin  
I found out everything that shine aint a diamond  
Everything that come in a jar aint dro

Aint no use you spittin them bars you can't flow  
Aint no use you gettin that R if it don't glow  
And aint no use you gettin a car if you can't go  
Get out the streets , haters will draw you back  
Like an automatic weapon that'll pull you back  
Load somethin in the brain just to see you snap  
I try to maintain but I see they trap  
See they plot , you can see me not  
You can be me not , niggas wanna see me bopped , see me locked  
See me in the block , send me shots , do anything to be on top
