

Vile Iowa

Bear Hands

Oh the new sensation in vile Iowa
Miles of inside of the kid, oh I am drivin' get in
As we roll in the dark, oh the sun has hit
On the land of the hawk

Oh it spreads through the water it
Spreads through the line now
Leave it up to luck, baby either way I'm fine
Take a sip from my cup if you don't wanna die
In the mid-western sun, you're a star in my eyes

You're a star in my eyes [x4]
(You're a star in my eyes)

Oh I've seen your movie and you're an extra
Looking sexy but hardly mention-able
I've seen your pictures the mounted black and white
Drugs and art in the same old fight

Oh it spreads through the water it
Spreads through the line now
Leave it up to luck, baby either way I'm fine
Take a sip from my cup if you don't wanna die
In the mid-western sun, you're a star in my eyes

You're a star in my eyes [x4]

Oh the new sensation in vile Iowa
Miles of inside of the kid, oh I am drivin' get in
As we roll in the dark, oh the sun has hit
On the land of the hawk
