

# Into The Burning Pit Of Hell

Beastcraft

Enter the catacombs  
Into the chambers  
The unholy regions  
Where demons reign  
Prowling darkness  
Ripping evil  
Stench of death  
The realm I seek

Born to descend  
Like the angels that fell  
Never to die  
Like the slaves in Hell

Into the burning pit of Hell

Ancient caves  
That no man has walked  
Perpetual night  
Where all life dies  
My demonic spirit  
Strangle my shell  
Shreds my skin  
No longer a human

Born to descend  
Like the angels that fell  
Never to die  
Like the slaves in Hell

Into the burning pit I fall  
Into the burning pit of Hell
