

Recrucifixion

Beastcraft

Pure fucking black metal
Endless anti-christian terror
The sound of satanic warcraft
A cacophony of necro screams

Recrucifixion - the fourth wave
Recrucifixion - Black Metal massacre

Reaching for darkness
A storm of destruction
Warpainted soldiers of Hell
Possessed by Satan

Destroy the book of laws
Built upon the book of lies
As a pack of rabid wolves
We shall slaughter the lambs

Recrucifixion - the fourth wave
Recrucifixion - Black Metal massacre
Recrucifixion - the fourth wave
Recrucifixion - Black Metal massacre

Pure fucking black metal
Endless anti-christian terror
The sound of satanic warcraft
A cacophony of necro screams

Pervert the holy souls
Desecrate the sacred grounds
The chain shall remain unbroken
With the strength of Satan
The strength of Satan
With the strength of Satan
The strength of Satan
With the strength of Satan
The strength of Satan
With the strength of Satan
