

Let It Go

BEAT CRUSADERS

Here it comes
Here we're standing
All alone

Nothing lasts
Nothing's happening
All along

The destination's calling
(But) I still wait another chance
The destiny takes hands
But I don't know
How long

Let it go!
Desperations will get you blow
Destinies that you'll never know
Destitutions lead you to goals
Destinations you've got to go
