Full moon sways

Gently in the night of one fine day

On my way

Looking for a moment with my dear

Full moon waves
Slowly on the surface of the lake
You are there
Smiling in my arms for all those years

What a fool!
I don't know about tomorrow
What it's like to be
Ah~

I was fool!
'Couldn't let myself to go
Even though I feel
The end

Oh love affair...
Floating like a bird that's in her wings
You are there
Smiling in my arms for all those years

What a fool!
I don't know about tomorrow
What it's like to be
Ah~

I was sure
'Couldn't let myself to go
Even though I feel
The end

Full moon sways

Gently in the night of one fine day

You are there

Smiling in my arms for all those years
