

## Down At The Sea

Beat Happening

Mr. fish is having a party  
down at the sea  
with really loud music and the food is free  
down, down at the sea  
so let's put on some sun tan lotion  
and drive your car out to the ocean, to the ocean, to the ocean

Where we can play all day  
down at the sea  
and we won't care if there's anyone there  
down, down at the sea  
i've got the beach ball and you've got the song  
everybody's gonna sing along, gonna sing along, gonna sing along

Put the radio under a palm tree  
down at the sea  
it's a swinging place for you and me  
down, down at the sea  
dance, dance, swish, swish  
i dance with the clams and you dance with the fish, you dance  
with the fish, you dance with the fish

When the sun comes down we'll go to sleep  
down at the sea  
mrs. lobster's gonna tuck us in  
down, down at the sea  
and we'll dream about the waves out there  
coming in and washing us away, washing us away, washing us away
