

# I Spy

## Beat Happening

I'm more important in the USA than a spy for the FBI  
I'm trained to meet the criminal elite and I seek out wherever  
evil resides

I spy

I'm at home in the streets of Rome or just hanging round old Sh  
anghai

Danger is my logo, espionage a go-

go, I'm just digging this american crime

Two deadly agents of a wicked persuasion tried to send me on a  
permanent vacation

I gave them the slip 'cause I'm totally hip to that modern coun  
ter espionage

I spy

I got a bulletproof car and a secret star and a ring with X-  
Ray eyes

I wear spanish boots, brooks brother suits and I don't know how  
to cry
