

# Playhouse

## Beat Happening

I got a playhouse where we can run,  
We'll mess around and have some fun.  
Let's go now and get real gone,  
In my playhouse where there's nothing wrong.

Do you want to play house?  
Do you want to play house?  
Do you want to play house?  
Do you want to play house?

I got a playhouse, did you know?  
We can dance and we can throw.  
A 'hacienda' where we can go...  
When we start playing, we'll be playing real slow.

Do you want to play house?  
Do you want to play house?  
Do you want to play house?  
Do you want to play house?

Now I know that you're not playing,  
So in my house, you'll be staying.  
Rough house, smokehouse, sugar shed.  
Rub your tummy and pat my head.

Do you want to play house?  
Do you want to play house?  
Do you want to play house?  
Do you want to play house?

I got a playhouse so let's stop,  
We won't argue and we won't talk.  
We'll just take off all our clothes,  
In my playhouse, that's how it goes.

Do you want to play house?  
Do you want to play house?  
Do you want to play house?  
Do you want to play house?
