

## Goodbye my love

Beata Bednarz

It can't be true  
You're leaving now  
So unexpectedly  
Why it's so hard  
To say goodbye  
And I feel blue  
I miss your breath  
With all my heart, yeah  
Why it's so hard  
To say goodbye my love  
And if I belong to you  
If I belong to you, babe  
I can't wait you  
you're back to me  
If You belong to me  
If you belong to me, babe  
I can't wait  
you're back to me, again

Goodbye my love x3  
But maybe some day you will back to me  
Goodbye my love x2  
For now it's over, but maybe you'll back
