

Goodbye my love

Beata Bednarz

It can't be true
You're leaving now
So unexpectly
Why it's so hard
To say goodbye
And I feel blue
I miss your breath
With all my heart, yeah
Why it's so hard
To say goodbye my love
And if I belong to you
If I belong to you, babe
I can't wait you
you're back to me
If You belong to me
If you belong to me, babe
I can't wait
you're back to me, again

Goodbye my love x3
But maybe some day you will back to me
Goodbye my love x2
For now it's over, but maybe you'll back
