

All Things Must Pass

The Beatles

Sunrise doesn't last all morning
A cloudburst doesn't last all day
Seems my love is up
And has left you with no warning
But it's not always be this grey

All things must pass
All things must pass away

Sunset doesn't last all evening
A mind can blow those clouds away
After all this my love is up
And must be leaving
It's not always been this grey

All things must pass
All things must pass away

All things must pass
None of life's strings can last
So I must be on my way
And face another day

Darkness only stays at nighttime
In the morning it will fade away
Daylight is good at arriving
At the right time
It's not always
Going to be this grey

All things must pass
All things must pass away
All things must pass
All things must pass away
