All Things Must Pass

Sunrise doesn't last all morning A cloudburst doesn't last all day Seems my love is up And has left you with no warning But it's not always be this grey

All things must pass All things must pass away

Sunset doesn't last all evening A mind can blow those clouds away After all this my love is up And must be leaving It's not always been this grey

All things must pass All things must pass away

All things must pass None of life's strings can last So I must be on my way And face another day

Darkness only stays at nighttime In the morning it will fade away Daylight is good at arriving At the right time It's not always Going to be this grey

All things must pass All things must pass away All things must pass All things must pass away **The Beatles**
