Beatsteaks

you don't guess my name
but i've come to rearrange
gotta put yourself at ease
i do exactly as I please (2x)

and I know you can be whole (2x)
now put yourself at ease
i do exactly as I please

so don't you ever forget that, forget that...

listen it up and take the town forget about the circus
listen it up and fake the crown and bounce around the circus (2
x)

listen to the ones who drive you home (3x)

now you guess my name
why i've come to rearrange
gotta put yourself at ease
i do exactly as i please

so don't you ever forget that (2x)
