## Beautiful Creatures

I'm what am I suppose to do?

I never worry about the devil in you, bring her along and I'll  
fuck her too (Fuck Yeah)

I never worry about the devil in you, bring her along and I'll  
fuck her too

Don't try to frame me  
I'm not a picture with a pretty face  
Don't try to chain me  
I can't live in your golden cage

I'll never do what you want me to do  
I'll never be what you want me to be  
I'll never do what you want me to do  
I'll never be what you want me to see

Do you wanna see me?

I'm dirty cuz I like, I'm dirty cuz I need it  
I'm dirty cuz I like and I'll tell you so  
I'm dirty cuz I like and I'm dirty cuz I need it  
I'm dirty cuz I like and I'll tell you so

Don't try to frame me  
I won't be your lame excuse  
Don't try to change me  
I live my life and I don't need you

I'll never do what you want me to do  
I'll never be what you want me to be  
I'll never do what you want me to do  
I'll never be what you want me to see

I'll never do what you want me to do  
I'll never be what you want me to be  
I'll never do what you want me to do  
I'll never be what you want me to see

I'll never do what you want me to do  
I'll never be what you want me to be  
I'll never do what you want me to do  
I'll never be what you want me to see

Excuse me are you ok?
