

Change My World

Bebe & Cece Winans

It was like a dream
in a dark and dreary scene
another lonely night
so much pain inside
'til there was You, mmm

Stood a little scared
with the notion that You're there
I was on the line
running out of time
I needed a change

And so it goes, oh oh
(You changed my world)
Gave You my soul, and You
(You changed my world)
Lost all control
(You changed my world)
So glad I know, I know, I know
(You changed my world), mmm

Lost in the cold
where there's nowhere else to go
it's like I'm on the run
racing for the sun
the night's so dark
(ooh, though the night's so dark, there's a trace of sunlight)

On the other side
I can see a sudden Light
it's breaking through the night
my heart begins to cry, mmm
the Light was You

And so it goes
(You changed my world)
Gave You my soul, ooh oh oh
(You changed my world)
Lost all control, mmm, mmm
(You changed my world)
So glad I know, mmm, mmm

(You changed my world)

Hey, hey
Now, I'm so deep in love
(Everything that I have I, owe it to You)
You gave me a reason to go on
('Cause You did for me things that no one else could do)
Now, I will tell the world
(That You gave me a love that will always be true)
And I will love You, forevermore

And so it goes, so it goes, and so it goes, ooh ooh ooh ooh
(You changed my world)
Gave You my soul, gave You my soul
(You changed my world), You came and changed my world

Lost all control, lost all control, yes, I did
(You changed my world)
So glad I know, so glad I know
So glad I know, I know, I know
Changed my world, changed my world
And so it goes, and so it goes
You changed my world, mmm mmm
Gave You my soul
You changed my world
Lost all control, I've lost control
You changed my world
I'm so glad I know, I know, I know
So glad I know
You changed my, changed my world
Hey!
And so it goes, and so it goes
You changed my world, You changed my world, ooh ooh ooh oh
Gave You my soul, You changed
Gave You my world, gave You my world
You changed my world
Picked me up, turned me around
I've lost control, You changed my world
I'm so glad You did
So glad, so glad I know
Hey!
So glad You changed my world
And so it goes
