[Chorus:]
Hold up the light
Save the world from darkness
Hold up the light
Won't you please America

### [Bebe:]

It's time for all of us
Who claim in God we trust
To take a stand
Let our voice be heard
Across the nation
To every man

### [CeCe:]

If we are the light
It's time for all of us to fight
For what is right
We must work while it is day
Before the fall of night

#### [Whitney:]

Voices crying, young people dying Lost, nowhere to run So I'm asking, takes sacrificing Time for us to come and Hold up the light

# [Chorus]

[Whitney:]
Boys and girls
Can't you see
The kind of friend
Crack can be

### [Bebe:]

Voices crying, young people dying Lost, nowhere to run

### [CeCe:]

So I'm asking, takes sacrificing Time for us to come and Hold up the light

## [Chorus]
