

# Stay With Me

Bebe & Cece Winans

Ooh...

I know I'm asking much, when I say...

(Stay With Me)

Please Don't Go

(Stay With Me)

Need You so...

(Stay with Me)

Hey, Even though I ask, Can't believe that You would.

(Stay with me)

So undeservin'

(Stay with me)

Must be Love...

(Stay With me)

Must be.

I'm asking You now.

Stay with me

Through the course of Life

Standing right by my side!

And When the rain begins to fall.

Stay with me

Through the Course of Life

Standing Right by my side!

When the rain begins to fall...

Stay With me...

My sweet Love

Stay with me...

Without a single word

My Actions often say.

Stay With me

Until Time fades...

Stay with Me

Rest of My days...

Stay with Me

Even when it seems I want you gone, Just a dancin' song...

Stay with me

Forgive those days.

Stay with me

I carry on.

So, Stay with me.

I'm asking You please!

Stay with me through the course of life

Standing right by my side!

When the rain begins to fall.

Stay with me...

Stay with me...

Will You stay in the laughter.?

In those moments thereafter.?

In the time there's no ... ?  
Will You stay.?

Will you stay when I falter.?  
Be my Strength and my Alter.?
