

# Atmosphere

Bebe Rexha

I feel in the beginning when we're living  
We were tripping, we were so high  
When you tell me that you love me were you bluffin'?  
Was it's nothing? now you're so dry  
You can tell me that you're sorry  
But I know that you don't mean it, baby don't lie  
Don't lie, baby don't lie

And I can't blame myself for getting lost inside the promise of  
you  
And I can't blame you leaving  
Cause what's meant to be will always be true

There isn't enough love in the atmosphere  
To keep you here, ah  
There isn't enough love in the atmosphere  
Don't leave me here  
All alone  
I ride for my baby  
I died for my baby  
I'd die for my baby no lie  
There isn't enough love in the atmosphere  
In the atmosphere

Remember we were running up and down and getting mess in the ha  
llways  
Told me that forever was the time we'd be together, baby, always  
s  
Now you're saying that you're sorry but I know that you don't m  
ean it cause you won't stay  
No you won't stay, you won't stay

And I can't blame myself for getting lost inside the promise of  
you  
And I can't blame you leaving  
Cause what's meant to be will always be true

There isn't enough love in the atmosphere  
To keep you here, ah  
There isn't enough love in the atmosphere  
Don't leave me here  
All alone  
I ride for my baby  
I died for my baby  
I'd die for my baby no lie  
There isn't enough love in the atmosphere  
In the atmosphere
