## Stay

## **Bebe Winans**

Once again your eyes make it hard to say goodbye So I'll just keep driving Where you wanna go? It doesn't really matter As long as you are here with me

There's something in the air tonight Something that makes me feel alive And I said what were the words that you said to me? That made me feel so special now

Once again your eyes make it hard to ask you why So I sit here, knuckles tied Hands against the wheel, your head against the glass And you mean so much to me

There's something in the air tonight Something that makes me feel alive And I said what were the words that you said to me? That made me feel so special

Stay with me
Cigarettes in open air, hand in hand
And I said stay with me
'Cause every star that I see, is better than the last

So stay with me
