

# Simplemente

Bebel Gilberto

Every moment I'm near you  
I try to understand  
Every second I try to believe  
In how I am

In the silence of moonlight  
I find myself and you  
Just as always I'm dreaming  
I know you're dreaming too

And all the tears that I've cried  
Are maybe drops of rain  
After all  
And every sunset sky

Is here with us forever now  
Quando canto me lembro  
De tudo o que Ã© bom  
SÃ³ passando por muito

Eu sei o que Ã© dÃ³  
(When I sing I remember  
Of everything that's good  
Just being through a lot

I know what is pain)  
NÃ£o quero nunca esconder  
Talvez eu possa atÃ© me arrepender  
SÃ³ porque entÃ£o pensei

Que gente possa ser  
Bem mais que um simplesmente ser  
(I never want to hide  
Maybe I can even regret

Just because then I thought  
That people can be  
Much more than a simple being)  
Don't have to try too hard

It's not a secret held after all  
'Cause every falling star  
Is here with us (forever)  
NÃ£o quero nunca perder

Talvez eu pense atÃ© em querer  
SÃ³ porque entÃ£o pensei  
Que gente possa ser  
Bem mais que um simplesmente

(I never want to hide  
Maybe I can even regret  
Just because then I thought  
That people can be

Much more than a simple being)
