

# Borrow Mine

Bebo Norman

Take my hand  
And walk with me awhile  
Because it seems your smile  
Has left here

And don't give in  
When you fall apart  
And your broken heart  
Has failed you

I'll set a light up  
On a hilltop  
To show you my love  
For this world to see

You can borrow mine  
When your hope is gone  
You can borrow mine  
When you can't go on  
Cause the world will not defeat you  
When we're side by side  
When your faith is hard to find  
You can borrow mine  
You can borrow mine

And take my love  
When all that you can see  
Is the raging sea  
All around us

And don't give up  
Cause I'm not letting go  
And the God we know  
Will not fail us

We will lay it all down  
As we call out  
Sweet savior  
Help our unbelief

When you are weak  
Unable to speak  
You are not alone  
God of us save us  
And never forsake us  
Is coming to take us  
And take us to our home

Take my hand  
Take my love  
Don't give in, no  
And don't give up
