

# Can't Live Without You

Bebo Norman

You found me here  
I'm barely breathing  
You picked me up  
But I'm still wanting more

You're the ocean deep  
I'm in up to my knees  
Wanting desperately to drown

You're the one bright part  
Of my languid heart  
You're the love  
I cannot live without  
I cannot live without

Please hold me close  
I can't stop shaking  
It's not for fear  
My walls are breaking down

You're the ocean deep  
I'm in up to my knees  
Wanting desperately to drown

You're the one bright part  
Of my languid heart  
You're the love  
I cannot live without  
I can't live without  
I can't live without You  
I can't live without You  
And I cannot live without You, oh

Can You hold on?  
Can You hold on?  
Can You hold on to me?  
Because You hold everything, yeah

You're the ocean deep  
I'm in up to my knees  
Wanting desperately to drown

You're the one bright part  
Of my languid heart  
You're the love  
I cannot live without  
I can't live without You  
I can't live without You
