

# In Your Hands

Bebo Norman

I didn't know I would love you  
When I looked into your eyes  
But now I have a heart I cannot keep  
And the greatest of fear is that you'll leave me here  
Stranded in this water so deep

So don't you turn away from me  
Because my heart and my hopes,  
They're in your hands  
If I don't seem certain  
It's just a common fear  
From a common man  
But I am in your hands

Just so you know, I have never  
Done this sort of thing before  
I've never given up my very soul  
But I have heard a voice like none  
I've heard before  
And it's a voice that never grows old

Don't you turn away from me  
Because my heart and my hopes,  
They're in your hands  
And if I don't seem certain  
It's just a common fear  
From a common man  
But I am in your hands  
I am in your hands  
I know?|I am in your hands
