

Lose You Now

Becca

I don't wanna sleep tonight
Someone's got to fight this fight
I can't do it on my own
And I can't make you turn around
Get us back on solid ground
If I'm standing here alone

Every day you slip away a little more
But you can't expect me to surrender

I don't wanna lose you now
I don't wanna lose you now
It's not too late, can't we just wait
Won't you please say, we'll figure it out

I don't wanna lose you now
I don't wanna lose you
What would I do, if I had to
Lose you now

It's something that we're going through
And I think you know it too
Maybe we've been given up too fast
Why do you hold it all inside?
Used to be the one who tried
There's got to be some turning back

I drift away one and I soon came undone
And baby, it hurts me to remember

I don't wanna lose you now
I don't wanna lose you now
It's not too late, can't we just wait?
Won't you please say, we'll figure it out?

I don't wanna lose you now
I don't wanna lose you
What would I do, if I had to
Lose you now?

When I see that look on your face
I think of someone taking my place
You got to know it tears me apart
And when I see you closing the door
I can't take anymore

I don't wanna lose you now
I don't wanna lose you now, ohh

I don't wanna lose you now
I don't wanna lose you
It's not too late, can't we just wait?
Won't you please stay? We'll make it somehow

I don't wanna lose you now
I don't wanna lose you
What would I do, if I had to

Lose you now?

I'm gonna figure it out

I don't wanna lose you now

I don't wanna lose you

What would I do, if I had to

Lose you now
