

## Beercan

Beck

Alcohol on my hands  
I got plans  
To ditch myself and get outside  
Dancing women  
Throwing plates  
Decapitating their laughing dates  
Swirling chickens caught in flight  
Out of focus  
Much too bright  
Coming down  
Shiny teeth  
Game shows suckers trying to bleed  
But I got a drug and I got the bug  
And I got something better than love

How you like me now  
Pretty good  
Going on, feeling strong

I quit my job blowing leaves  
Telephone bills up my sleeves  
Choking like a one man dustbowl  
Freedom rock slime ball  
Talking in code  
We went down  
Lit up the shack  
Grab me a beer out of the sack  
Everybody bent over twice  
Painting the walls throwing some dice  
Leaping up into the air getting juiced up beyond belief  
And they were singing like this

Winos throwing Frisbees at the sun  
Put my soul between a bun  
Now I'm hungry now I'm drunk  
Now I'm running like a flaming pig

Oh yeah  
Scraping off the attitude  
Old man eating all my food  
Don't be kind  
Don't be rude  
Just shake your boots and let it all get loose

Oh yeah  
My goodness

Fluffy clouds  
Jumping rainbows  
Fluffy clouds  
I'm sad  
Jumping rainbows  
A soft and snuggly place  
[Repeat]  
Fluffy clouds  
I'm sad and unhappy

Winos throwing Frisbees at the sun  
Put my soul between a bun  
Now I'm horny now I'm drunk  
Now I'm running like a flaming pig

Oh yeah, I like it like that  
Oh that is cold  
Somebody put a flame-thrower on that  
Oh my goodness  
Take me down to the depot  
Buddy put me down on the bus  
Oh yeah  
I like it like that  
Somebody bring me a plate of sassafras  
Hey hey hey  
Uh-huh  
What's happening'
