Torn-out girl on the beach
Hair black, blue black lipstick
Showing daggers with her eyes
Tourist trapped in Ipanema quicksand
Sewage sludge, washed-up conquistador
L'amour beaten down with two-by-fours
Whitewashed walls of discontent
No repent, can't handle Candelária favela
Massacres with colored brochures
Death metal plates for Carnivale girls
Send her away when she's sick of the sun
Let the sleet and snow teach her a lesson
