

People Gettin Busy

Beck

Walk to the bridge, stand like a fridge
Empty and cold, burning a light bulb...

Right now
Get down
Right now
People getttin' busy

Right now
Get down
Right now
People gettin' busy

People gettin' so busy

The man gave me a ticket
When I tried to kick it
Breathin' on my biscuit
Kissin' my finger

Car alarm is goin'
Saxophone is blowin'
Baby I been throwin' at the dancin' children

Everything's so phony
If you wanna phone me
You can be my homey
Give me some sympathy

Right now
Get down
Right now
People gettin' busy

Right now
Get down
Right now
People gettin' busy

Gettin' busy
