Beckah Shae

And here's blood as run as people forgot, hey!  
From every tribe and language people, every nation, hey!  
We're warriors of fallen  
There's a resurrection comin'  
It's your time to rise and shine  
Oh wake up you sleeping giant

The who's of injustice of being here by the peace, hey!  
Oh yeah, away who's bringing us power through unity, hey!  
We're warriors of fallen  
There's a resurrection comin'  
Tribals, tribals, come alive  
Yeah, wake up you sleeping giant

Your heartbeat  
I feel it, I feel it... yeah  
I feel your heartbeat  
I feel it, I feel it... yeah  
I feel your heartbeat  
I feel it, I feel it... uh-huh  
I feel your heartbeat  
I feel it, I feel it  
Yeah, I feel it

Yes you are, bring us together  
Bring us together  
Together we cry

Oh-oh, feel your heartbeat  
Your heartbeat, oh  
Give us your heartbeat, yeah

This is the hour to know who's side to stand by... hey!  
Raise up the standard in battle for every fellow tribe... hey!  
The warriors are fighting  
There's a revival igniting  
Search for such a time  
Yeah, arise you blazing fire

Play friends stand firm and listen to your destiny... hey!  
The rhythm of our Father moves with victory... hey!  
The warriors are fighting  
There's a revival igniting  
And arise, blazing fire

Your heartbeat  
I feel it, I feel it... yeah  
I feel your heartbeat  
I feel it, I feel it... yeah  
I feel your heartbeat  
I feel it, I feel it... uh-huh  
I feel your heartbeat  
I feel it, I feel it  
Yeah, I feel it

Yes you are, bring us together  
Bring us together

Together we cry  
Yes you are, bring us together  
Bring us together  
Together we cry  
Yes you are, bring us together  
Bring us together  
Together we cry  
Oh-oh, feel your heartbeat  
Your heartbeat, oh  
Give us your heartbeat, yeah
