

# Imagine

Beckah Shae

Imagine this  
Joy and laughter and no more pain  
Where love insists to be known  
Imagine all the people  
Caring for each other  
Instead of all the fussing and arguing

I'm a dreamer, a believer  
That there's hope within our reach  
I'm going to take a stand and agree  
The healing begins with me

There's a better way  
we don't have to die anymore  
Open up your eyes and see the need  
We can make a difference with our own lives  
If we let love arise from the inside  
Heed the call and be all we were made to be

Imagine this  
Safety and shelter from the storm  
A place for all to call home  
Imagine all the people  
Learning that which matters most  
Can't be bought or earned or taken

I'm a dreamer, a believer  
That there's hope within our reach  
I'm going to take a stand and agree  
The healing begins with me

There's a better way  
we don't have to die anymore  
Open up your eyes and see the need  
We can make a difference with our own lives  
If we let love arise from the inside  
Heed the call and be all we were made to be

Imagine if we were all rich  
Imagine if we all knew peace  
Imagine if we all gave love  
The way that God gave love  
We'd have so much more than enough

There's a better way  
we don't have to die anymore  
Open up your eyes and see the need  
We can make a difference with our own lives  
Just let love arise from the inside  
Heed the call and be all we were made to be

Because there's a better way  
we don't have to die anymore  
Open up your eyes and see the need  
We can make a difference with our own lives  
Just let love arise from the inside  
Heed the call and be all we were made to be
