

Show Me

Beckah Shae

No, I will not perish for lack of knowledge.

I'ma, I'm go there, got no fear, I'm not scared no
Revelation come! I wanna know why I'm
Watchin what I'm watching
Hearin what I'm hearing, Doin what I'm doing
Consuming what I'm consuming
All the fishies swimming in the same direction
All swallowing, following, with no hesitation.
Buying what they're buying
Wearing what they're wearing,
loving what they're loving
Going where everyone's going.

Where are all the questions? Where are the questions?

In a world of mystery
I'ma keep searching, till you show, show me (show me)
With both eyes open, I won't sleep
I'ma keep searching till You show, show me (show me)
I can hear it on the stereo,
see it on (I see) the telly.
Oh, no, I won't be deceived!(no)
Illuminate the truth to me!
I'ma keep searching 'till You show, show me.

They're everywhere, signs symbols
Open up your eyes, 'cause there ain't much time
'till we're gonna go home
So watch what you're watching, hear what you're hearing
Do what your doin, and know what you're consuming.
Ignorance ain't bliss when your standing in the fire
There's a way that seems okay,
Don't die for a liar
So don't buy what they're buying
Care what they're wearing, love how they're loving
And don't go where everyone's going.

Where are all the questions? Where are the questions?

In a world of mystery
I'ma keep searching, till you show, show me (show me)
With both eyes open, I won't sleep
I'ma keep searching till You show, show me (show me)
I can hear it on the stereo,
see it on (I see) the telly.
Oh, no, I won't be deceived!(no)
Illuminate the truth to me!
I'ma keep searching 'till You show, show me.

You are life (are life), so open up my eyes (Jesus).
You are mine, Jesus, and I will seek until I find
the whole truth. So you won't see me falling
for nothing but You, 'cause You are the truth!

In a world of mystery (mystery)
I'ma keep searching, till you show, show me (show me)

With both eyes open, I won't sleep (I won't sleep)
I'ma keep searching till You show, show me (show me)
I can hear it on the stereo,
see it on (I see) the telly.
Oh, no, I won't be deceived! (I won't, I won't, no)
Illuminate the truth to me!
I'ma keep searching 'till You show, show me.
