

Worth Waiting For

Beckah Shae

So long I've hoped for you
So far no one compares to you

You got me dancin' like a fool when I'm alone in my room
You have me shoutin' hallelujah just when I think about ya
You got me loopy like a roller coaster hangin' on
You got me skippin' like a record, baby, to my favorite song
You are the one, you are the one
That surpasses all my expectations
My search is done, my search is done
So I'ma have myself a celebration
You are more than I could have ever ask for
I've never been more sure
This love is so worth waiting for

I know my prayers can be answered
You've proved dream do really come true

You're what I always wanted
You're so incredible
No better thing that comes from trusting
I've held patience hand
You made me a fan
It's so wonderful to be in God's perfect plan
I know I am blessed
I know I will wait for you all over again

You are the one, you are the one
That surpasses all my expectations
My search is done, my search is done
So I'ma have myself a celebration
You are more than I could have ever ask for
I've never been more sure
This love is so worth waiting for
