

Built For This

Becky G

I'm so hypnotized, open the days, mesmerized
I'm tryna visualize you right now, keep me cool right now
I like to be optimistic, you and me, that's futuristic
We can fly high like a spaceship, zoom right now, to the moon right now

You want me all alone
(Yeah, I heard that before)
But first I gotta know
(Gotta know if you insecure)
Can you take control?
(Tell me baby, can you read my lips?)
Boy, I gotta know
Wanna know if you're built for this
Built for this, built for this
I wanna know if you're built for this
I wanna know if you're built for this

Too fly for you, have to go
So cold like a popsicle
Row deep when we at the show
Guest list, Becky G plus Mexico
You don't know what you do to me
Got me acting all stupidly
If I'm alloud to speak truthfully
In a world full of lies you're the truth to me

You want me all alone
(Yeah, I heard that before)
But first I gotta know
(Gotta know if you insecure)
Can you take control?
(Tell me baby, can you read my lips?)
Boy, I gotta know
Wanna know if you're built for this
Built for this, built for this
I wanna know if you're built for this
I wanna know if you're built for this

I wanna know if you're built for this
I wanna know if you're built for this

You want me all alone
But first I gotta know
Can you take control?
Boy, I gotta know
Wanna know if you're built for this
I wanna know if you're built for this
I wanna know if you're built for this
