

Can't Get Enough

Becky G

Becky G!
Mister WorldWide!
Y'all know the game plan
It's the world in the palm of my hand

Yeah big things for the introduction
When I rap no interruption
From the back going in the front now
Fired up too hot to touch ow
Little miss 31-0
Can't tell you about to blow
Jump on if you're ready to go
Up up in the realm that glow

Get my man throw down mi gente
Callie girls get muy caliente
Ow we so diferente
Hands up from the back to the frente
Don't matter what your rapping name
You can go to the foreign land
All night long and do it again
All night long and do it again

The music taking me higher
Moving my body
I keep turning it up yeah
I can't get enough yeah
I'm feeling inspired
Don't want you to stop it
I keep turning it up yeah
I can't get enough yeah

We dance in the street
We rock to the beat
We think from our hearts
Got this on repeat
Where are all our seats?
We just want the stars

P to the I, I to the T
I see a future Becky to the G
I don't comprehend
Yeah that's sweet
I also am her coach
Yeah that's me
I see the vultures
That want my death
It's for the queen
The world is mine
Who wanna bet?
4 5 6 no stopping the thing cause
I see the boys switching the game
Cause they see the way I'm flipping the game
I'm Jordan
I'm sorry they slipping me cause
Late phone and they tripping me
Come on baby let's do this thing

All night long then do it again
All night long then do it again

The music taking me higher
Moving my body
I keep turning it up yeah
I can't get enough yeah
I'm feeling inspired
Don't want you to stop it
I keep turning it up yeah
I can't get enough yeah

We dance in the street
We rock to the beat
We think from our hearts
Got this on repeat
Where are all our seats?
We just want the stars

You got that fire
They want that fire
Let give'em that fire
Tenemos fuego, quieren fuego, le dales fuego
Fuego
You got that fire
They want that fire
Let give'em that fire fire
Tenemos fuego, quieren fuego, le dales fuego
Fuego

The music taking me higher
Moving my body
I keep turning it up yeah
I can't get enough yeah
I'm feeling inspired
Don't want you to stop it
I keep turning it up yeah
I can't get enough yeah

We dance in the street
We rock to the beat
We think from our hearts
Got this on repeat
Where are all our seats?
We just want the stars
I keep turning it up yeah
I can't get enough yeah
I keep turning it up yeah
I can't get enough yeah
